EARTH SWELLED UP.

TREMENDOUS UPHEAVAL IN MOUNT BAKER DISTRICT.

Valley and Bed of the Nookmak River in Washington Transformed by Subterranean Agencies—High Hill Occupies the Locality.

Wonderful Discovery Made by D. P. Simmons, Jr., and Party, Who Were Near By—Small of Sulphur in the Air.

Serious Outbreak of Apaches Apparently Threatened in Arizona—Wong Fong Held—Fatal Saloon Fight. Wicked Hanged.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE (Wash.) April 7.—(Exclusive Dispatch.) A tremendous upheaval, accompanied by several changes, occurred in the Mt. Baker district, March 27. What had once been the valley and bed of the Nookmak River is now a high, heavily forested hill. The noise of the upheaval was heard at Hamilton, ten miles away. A report of the occurrence was brought to this city by D. P. Simmons, Jr., who was in the vicinity at the time, looking over timber lands. Simmons says he heard the noise of the upheaval, which sounded like heavy thunder. He and his party were much disturbed, and began investigating.

They journeyed in the direction from which the sound came, and were astonished to see a huge mound of earth, nearly a quarter of a mile square, where formerly there had been a valley. In places the mound was seventy feet high. Nookmak River had been turned from its course, and ran around one side of the hill. Nearly in the center of this high bank of earth was a large lake. A young man, who had been hunting for a horse and wagon, there was a small of sulphur in the air, and it is Simmons's impression that the disturbance was caused by gases underneath the mountain.

William Hadley, a trapper, whose wrecked cabin now stands in the center of the huge earth mound, was absent at the time of the upheaval, and thus escaped death.

MINE SHOT BY APACHES.

CAVALRY PURSUES THE INDIANS.

(BY DIRECT WIRE TO THE TIMES.)

TUCSON, April 6.—(Exclusive Dispatch.) A serious outbreak of Apaches is again threatened. J. D. Mack, a mining man, was shot last night in Pinery Canyon of the Gallinas Mountains, just outside of the reservation, where he was ambushed by Indians. But one shot was fired, and the mining man was left for dead by the Apaches. His camp was plundered, and the chief bent of the Indians seemed to be to secure ammunition. They took a rifle and six rounds of ammunition, and then they left. Mack dragged himself to the ranch of Miss Rhoda Riggs, four miles away, where he told her the story. He said the Indians were dressed for warfare, and he believed they would kill a great many people unless they were taken back to the reservation.

Miss Riggs, a young woman, mounted her fastest horse and rode to Fort Grant, where she notified the commanding the Ninth Cavalry. A detachment of troops was sent on once to the scene of the shooting, guided by Miss Riggs, who rode with them as far as her ranch. There she organized a band of cow-punchers to aid the soldiers in running down the Apaches, and the brave young woman rode at the head of her little troop of cowboys.

Sympathy for Mack aroused her, so she said she wanted to help fight the Indians, and she knew that her cow-punchers would do the fighting, for they were outside the reservation. If they come upon the Apaches there will be a desperate fight.

WONG FONG WIELD.

MABEAS CORPUS REID DENIED.

(A. P. DAY REPORT.)

SAN JOSE, April 6.—Wong Fong, charged with abduction, was brought before Judge Rhodes today on a habeas corpus petition for release, contending that he was illegally restrained of his liberty. Two points were raised, one of which the petitioner contended was that of kidnapping unless he intended or did take this alleged victim out of the State. The other point was that the crime, if committed, was committed in San Francisco county, and that Justice Vanburen of Mayfield had no jurisdiction, nor any other justice of this county.

Bert A. Herrington, appeared for the Chinaman, and Dist. Atty. Campbell for the people.

Judge Rhodes quickly disposed of the matter, denying the writ and remanding defendant to the custody of the Sheriff. He said the law was perfectly plain and cited a decision from San Joaquin county in Eighty-ninth California reports, where a Chinese woman had been abducted and taken to Placer county. Defendant was found guilty and the Supreme Court upheld the judgment. The code also provided that it is abduction from one county to another. As to the jurisdiction of the magistrate, His Honor held that it was ample. In this case, the crime was committed in San Francisco county and terminated in Santa Clara. There could be no doubt of the jurisdiction of the magistrate to receive the complaint and issue the warrant.

The examination of defendant is set for tomorrow before Justice Vanburen. He will probably give bail now.

RAILROAD RATES.

STUBBS TELLS ABOUT THEM.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—Today was the fifth day of the local session of the Interstate Commerce Commission. The first witness this morning was C. Stubbs, the Southern Pacific traffic manager. He said that in 1878, upon an agreement from the merchants, they would use the rail route exclusively, a rate was fixed equal to the Panama and Cape Horn rate, with insurance and duty considered. All the big firms entered the "contract system." It was abandoned in 1884 and 1885 by the building of other lines

throughout the country. Competition broke up the contract system. He said the war in rates in 1896 continued all through the year, and rates were smashed right and left, and have never got back to the figures before the war. This was the result of the formation of the Transcontinental Association to adjust freight rates. About this time the Santa Fe went into the hands of a receiver. From 1871 to 1882, with the exception of 1886, the railroads leased all the space in the Panama lines, and controlled all California freight. The contract with the steamship line, the Pacific Mail, was held by the Transcontinental Association. Some of the railroads withdrew from the association, and a crash resulted. The contract with the steamship line was then abandoned. In 1885 the Traffic Association, Stubbs said, started the North American line of steamers, cutting the rates of the railroads and held the middle West jobbers doing more business here.

Asked as to carload and less-than-carload rates, he said that water competition had everything to do with the making of rates for carload lots, nothing to do with less-than-carload lots. As to the effect of a general rate war, he said that it would have the effect of putting more traffic on the sea route.

Stubbs was then asked about the rate of the differential. He said the complaint of the St. Louis merchants would make it appear that the figures were not near so great. The rates were not near so great. Two lines were presented to prove his claim, and they will be used as exhibits.

COMMISSION GOES NORTH.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—The members of the Interstate Commerce Commission will leave tonight in a special train for Del Monte, where they will stay till Sunday afternoon. The commission goes from here to Portland. They will not return to San Jose and Niles.

YOUNG MAN'S LAST JAG.

KILLED IN DRUNKEN SCUFFLE.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—John Flanagan, a young plumber, was killed at an early hour this morning in a scuffle with Patrick Higgins, a bartender, Flanagan and companion entered the saloon and called for drinks. Both men were considerably under the influence of liquor, and Higgins objected to serving them. Flanagan consented to do so. Flanagan's friend, a man named Bradley, was quarreled and objected to the quality of the liquor, whereupon Higgins refused to serve them and told them to leave the place. A scuffle ensued, and was continued on the sidewalk in front of the saloon.

In the scuffle Flanagan fell to the sidewalk, fracturing his skull. Ignorant of the extent of Flanagan's injuries, Higgins returned to the saloon, and a crowd gathered. Flanagan was carried to the police station, where it was ascertained that he was badly injured. He was removed to a hospital, where he died a few hours later. Higgins was held in custody under bonds for \$5000. He tells a straightforward story.

TAYLOR HAS WATER.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—M. C. Taylor, of this city, writes to the Board of Supervisors:

"I am the owner of the first water right, by location, at the junction of the lowest flow measured at this point for the past four years was 200,000 gallons daily. This supply is fed by one of the greatest sources in the State, the waters of 700 square miles in the Sierra Nevada Mountains, and is pure and uncontaminated. The point from where I take the water is an elevation of 10,000 feet above sea level. Twelve million dollars will cover the expense of the construction of a pipe to carry the water to a capacity to deliver in the city 60,000 gallons daily.

"Notwithstanding that there is no doubt regarding the supply obtainable from Lake Tahoe, yet the water is the subject of a water right, and with a probability that my supply is somewhat better, as running water is free from disease and purer than that which is immobile, or that stored in a natural reservoir."

EXECUTED FOR MURDER.

(A. P. DAY REPORT.)

TACOMA, April 6.—Albert Michod was hanged at 10 o'clock this morning. His neck being broken by the fall.

Michod shot and killed Mrs. John Ambler, his divorced wife, on the evening of September 27, 1899. He went into the house when the woman was alone and began shooting at her. Mrs. Ambler followed her, and placing his revolver to her left side, shot and killed her.

Placing the pistol in his mouth Michod pulled the trigger, but there was no result. He then fired at the woman, who was released from the penitentiary after serving a four-years term for kidnapping.

Both were of French-Canadian stock, and Michod said he shot his wife because she was untrue to him. He said the first attempt on her life, Mrs. Michod got a divorce and married John Ambler.

TERRILL NOT SENTENCED.

ORIGINAL INDICTMENT MISSING.

(A. P. DAY REPORT.)

SAN JOSE, April 6.—There was something of a sensation in Department Three of the Superior Court today, when Samuel B. Terrill came up for sentence on forgery. When Judge Lorigan called for the original indictment from the grand jury, the paper could not be found. The case was then continued to next Tuesday, and the clerk instructed to hunt up the papers.

Terrill's cases have been in the courts for a year. One conviction was knocked out by the Supreme Court, and the jury acquitted at the second trial. He was an attorney here, and is accused of defrauding clients and of using notes and mortgages. The present conviction is the only one standing, though there are several charges yet to be tried.

SANTA FE PROGRESS.

OFFICIALS AT POINT RICHMOND.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—President E. P. Ripley of the Santa Fe system; W. G. Nevin, general manager; A. G. Wells, general superintendent; and H. P. Packer, vice president, and W. B. Storey, chief engineer, arrived in a special train at Point Richmond this afternoon over the Valley road.

The president expressed great delight at being enabled to have his train run over their tracks at this early date into San Francisco. "It

will be but a short time now," he said, "until the Santa Fe will be carrying passengers direct from San Francisco to the East."

It is expected that on April 22 the passenger and freight lines will be completed, and the road will then be open for through business.

MURDER AND SUICIDE.

W. H. ALEXANDER'S BRUTALITY.

(A. P. NIGHT REPORT.)

ST. HELENA, April 6.—Last night, about midnight, W. H. Alexander, living two miles east of town, murdered his wife and ended his own life by cutting his throat. He had been drinking yesterday afternoon, and quarreled most of the day with his wife. Last night, when he was abusing her, she got out of bed and was about to take her children away to her parents' home when the husband followed her into the yard and beat her till she was nearly insensible. He then took a shot at her, placing the muzzle almost against her body, shot her in the side. After calling to the children and saying a few words, he expired. Alexander, after failing to take his life with the other load in the gun, rushed to the kitchen and taking a razor, returned to where he left his murdered wife, cutting at his throat as he went and marking his way with a stream of blood.

Bloody handprints are along the side of the stairs where he descended. When he reached his wife, the little girl pushed him away, and he fell upon her, his hand striking a large rock. There he died. Alexander came from Santa Rosa. His wife was formerly Mary Hammon, a daughter of Mr. and Mrs. C. C. Griffith, old and well-known residents of Santa Helena. Her father came from Napa this morning and held an inquest over the bodies.

WASHOUTS ON ESPERO.

CAUSED BY HEAVY RAINS.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—The Southern Pacific Company is experiencing considerable trouble in Arizona and Texas, owing to washouts. There has been heavy rain all along the track east from Yuma, and the destruction of the tracks has caused some delay in travel. There have been several heavy washouts in Pembroke, Ariz., and a very heavy washout at Sanderson, in Texas.

Mr. Fillmore, in speaking of the washouts, said: "The greatest trouble has been on the Atlantic system. Those heavy rains are quite remarkable. We generally do not get them until much later in the season. We have them here in California in September. This heavy rain is something very unusual."

GROWERS AND PACKERS.

FINISH FIGHT IN PROSPECT.

(A. P. DAY REPORT.)

FRESNO, April 6.—The Democrat has a brief dispatch from Sacramento announcing the filing of articles of incorporation of the California Raisin and Fruit Packing Company, with a capital of \$100,000. This means a fight to finish between the Raisin Growers' Association and the commercial packers. Of the capital stock \$250,000 is available for the construction of packing-houses and purchase of seedling plants, the cash to be had on a deposit of growers' slips authorizing a deduction of 10 cents per pound on crop of 1900 for the association. The directors are also the directors of the raisin growers' combine. The incorporation is also intended in the interim as a stimulus to hastening growers to sign the association contracts to continue the combine.

ASSOCIATION'S SUCCESS.

(A. P. NIGHT REPORT.)

SAN JOSE, April 6.—The time limit for signatures to the Cured Fruit Association contracts expires this evening, and the directors have called a meeting of the directors to consider the results accomplished and to determine several questions relating to the future. The success of the venture is assured. Up to this evening, about thirty-five per cent of their prunes was represented on the books, which is about 78 per cent of the acreage of the entire State.

The visit of Mr. Harriman and his party is a landmark in the history of the Union Pacific, is thought to be in connection with the affairs of the Oregon Railroad and Navigation Company. This railroad has been absorbed by the Union Pacific, and the general officers have been removed from Salt Lake City to Omaha. Mr. Harriman is also a director of the Union Pacific. The purpose of Harriman's visit is to make the acquaintance of the business men of the company's steamers, two of which are in the Columbia and the State of California.

HIS ASSAILANT ARRESTED.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—Wong Roy, a Chinese laborer, was found at No. 22 Waverley Place today suffering from severe knife wounds of the left arm and left side of the abdomen. He was taken to the Receiving Hospital. He said he received his injuries by being cut by Lee Cheong, at Forest Grove, Placer county, about six days ago. His assailant was arrested, and the injured man was sent to this city, where his injuries were looked after by his friends. His wounds were such a deplorable state today that the police were informed.

HORSE MEAT MAN.

ACQUITTED ON HIS APPEAL.

(A. P. DAY REPORT.)

SAN FRANCISCO, April 6.—The Supreme Court judges, sitting in bank, have decided that Charles Haag, who was convicted by Judge Conlan of offering adulterated horse meat for sale, is not guilty, the upper court finding that no offense had been committed, and that the Police Court erred in convicting him. The case was brought before the Supreme Court by appeal. The defendant was arrested for selling sausages stuffed with horse meat.

(A. P. NIGHT REPORT.)

Groff, the defaulting cashier of the Adams Express Company at Dayton, O., who left that city on October 6 last, taking with him \$2000 of the corporation's money, was arrested in this city today. He had registered at the Brooklyn Hotel under the name of H. J. Hanne, but when taken into custody his real identity was said to be ready to go back and face the consequences. Got Your Easter Hat Yet?

You shouldn't wait too long—not a good plan to choose in a hurry—then we would like you to give yourself time enough to compare our styles and prices and varieties with others. Maybe you have learned from experience to buy your hat after Easter. The ordinary milliner takes the advantage before Easter of making you pay exorbitant prices—not so here—
Our Prices Are as Low Now as After Easter.
Scores and scores of women will wear their first Easter hat this season; what is the use of waiting? It's far pleasanter to choose first from fresh stocks than to pick from what others have left.
What is the use of paying more than we ask? These are
Sensible Hats, Sensibly Priced.
We are not selling them at a loss—but at a small, honest profit. It's quite an evolution in millinery ethics. The rule is to get all you can for a hat. If a certain hat happens to look a little bit prettier than another, though it costs the same, it's marked up on account of its finer style—that's not our way of doing. They tell us
It's a Shame to Sell so Cheap.

The prettiness or style has nothing whatever to do with our prices—they are based on cost.
Trimmed Hats, \$1.69 to \$15.48—The
finest quality, guaranteed not to rip, for four hours Saturday night, 8c.
Walking Hats, 89c to \$2.39—In all
the new braids and shapes.
Mourning Hats, \$3.29 to \$10.69.
3 Silk and Velvet Crush Roses, 25c.

Ladies' Kid Gloves Today.

There's style to be gained and money to be saved by reason of these offers.
The "Marita" for \$1.25. We had a hard time to get this glove—harder still to make the price—\$1.25. They are of finest French kid, with Paris point embroidered backs, fastened with two or three clasps, all the leading spring shades.
The "B'dway Suede," \$1. It is of the finest lambskin, with stitched backs, in self or contrasting colors, fastened with two or three clasps.
The "B'dway Lambkin," \$1. With two clasps, fancy backs and all colors.
These are really the best kid gloves for the money that we know of—there is not a disappointing feature about them, and the price is much less than it should be.

Spring Suits—No Values Like These.

We are leading the town in values in spring wraps. New York's highest class artists are generously represented through their exquisite productions. The garments are really too good for the price. There is a curve and grace and finish to them that we believe you can't find elsewhere for the money.
The Suits.
Jauntily Serge Suits, \$9.89—All-wool, with a fly front jacket—the skirt has a dash and style to it that you would never expect to find in a suit at this price.
Smart Homespun Suits, \$9.89—All-wool, with a silk lined fly front jacket, the skirt is tailored and finished in the newest spring way.
Herringbone Suits, \$5.39—Tan, blue and green mixes, fly front jackets, silk lined, worth \$8.
Homespun Suits, \$6.48—The new kind of a jacket, with rolling reverses. The skirt is neatly and perfectly made.
Homespun Suits, \$7.89—And splendidly stylish and well made suits they are, too, with tight fitting jackets, box-plait skirts.
Suits of Ladies' Cloth, \$6.98—A fancy cut jacket, with merized lining, box-plaited skirts.

The Busy Store—Fourth and Broadway.

Calling Things By Their Right Names.

We want every man who buys a suit from us to feel that he gets just exactly what he pays for—if there is cotton about you shall be told of it. If you have seven fifty to pay for a suit you shall get the best which that amount of money can possibly buy. If you want to pay forty dollars, the measure of value is also brimming full.
When we say a suit is worth a given price, you can figure it is mighty good value for the money. When we say "fast colors," it means just what we say. This advertisement is intended especially for strangers who are not so well acquainted with our methods and reputation.
